

Ahmed Shaheen Ahmed El Ganzoury

Junior AWS Cloud Engineer | Cloud Support Engineer | AWS Cloud Freelancer

Cairo, Egypt | 01002459204 | a.alganzoury@gmail.com | linkedin.com/in/ahmed-el-ganzoury-47a233427

PROFESSIONAL SUMMARY

Junior AWS Cloud Engineer with hands-on experience in AWS cloud services, infrastructure, security, and cloud architecture gained through practical projects and labs. Skilled in Amazon EC2, Amazon S3, AWS IAM, Amazon VPC, AWS Lambda, AWS CLI, and AWS CloudFormation. Developing expertise in cloud infrastructure automation, security, scalability, and cost optimization. Background as an AV Specialist since 01/2018, contributing strong technical troubleshooting, problem-solving, and operational skills to cloud engineering work.

CAREER OBJECTIVE

Seeking a position as a Junior AWS Cloud Engineer, Cloud Support Engineer, or AWS Cloud Freelancer to apply hands-on AWS knowledge, develop advanced cloud engineering skills, and contribute to building secure, scalable, and reliable cloud solutions.

SKILLS

Cloud Platforms & Services: AWS EC2, AWS S3, AWS IAM, AWS VPC, AWS Lambda, AWS CLI, AWS CloudFormation, AWS Security Groups

Cybersecurity: Cloud Security Fundamentals, Vulnerability Management, Security Monitoring, Incident Response, Security Best Practices

Infrastructure & Networking: Networking & TCP/IP, Linux, Windows, Infrastructure Automation, High Availability, Scalability, Cost Optimization

Soft Skills: Technical Troubleshooting, Problem Solving, Analytical Thinking, Attention to Detail, Communication, Customer Support, Incident Handling, Team Leadership

PROFESSIONAL EXPERIENCE

AWS Cloud Engineer — Freelance Projects

07/2026 – Present

- Designed and configured cloud environments using AWS services.
- Deployed and managed virtual servers using Amazon EC2.
- Configured Amazon S3 for cloud storage use cases.
- Applied AWS IAM for identity and access management.
- Created and configured Amazon VPC networking components.
- Built serverless solutions using AWS Lambda.
- Managed AWS resources using AWS CLI.
- Automated infrastructure deployment using AWS CloudFormation.
- Configured security groups and applied AWS security best practices.
- Applied cloud architecture principles for scalability, high availability, performance, and cost optimization.

AV Specialist

Ministry of Investment | Cairo, Egypt

01/2018 – Present
